Appl. No.: 10/549,335 Docket No.: 21CEN-006PUS

Reply to Office Action dated February 8, 2007

## Amendments to the Specification:

Please replace the paragraph beginning at page 8, line 30 with the following amended paragraph.

A probe 74 shown in FIG. 7c is similar to the probe 71 shown in Fig. 7b except that an auxiliary probe 75 is disposed below a main probe 76. The auxiliary and main probes [[75]] <u>76</u> and 75 are attached to each other. At one end of the main probe 76 is formed a tip part 76c. Consequently, the probe 74 of FIG. 7c is symmetrical to the probe 71 of FIG. 7b.
